

2012 MUNICIPAL ANNUAL AUDIT AND FINANCIAL REPORT

City of: _____ County: _____

Borough of: _____ County: _____

Township of: _____ County: _____

Municipality of: _____ County: _____

Section I – Introduction

Statutory Requirements

- State law, under the provisions of the Borough Code, First Class Township Code and Second Class Township Code, requires that either the borough controller, elected auditors or appointed auditors file an Annual Audit and Financial Report.
- State law, under the provisions of the Third Class City Code, requires a city's Director of Accounts and Finance to file an Annual Audit and Financial Report.
- The state's Administrative Code requires home rule municipalities to file an Annual Audit and Financial Report.
- The Annual Audit and Financial Report forms, supplied by the Pennsylvania Department of Community and Economic Development (DCED), were developed and approved by a Uniform Forms Committee composed of representatives of the respective municipal associations.
- Form DCED-CLGS-30 (See Section IV) is the form adopted by the Committee for use by all municipalities in Pennsylvania to fulfill their statutory reporting requirements.

One Form

Only one form is now being provided. This form contains the same categories as in previous years: assets, liabilities, revenues, and expenditures. **Only complete those funds that you use, including the "Total" column. Leave the remaining columns blank.**

Submitting the Report

- File one copy by the designated date at each of the places listed on page 9.
- Complete the appropriate items, **rounding to the nearest dollar. Do not include cents.** Calculate totals at the foot of each column and the end of every row. The totals are a required part of the report.
- Handwritten reports are acceptable, if legible, but typewritten reports are preferred.
- Computer-generated forms identical to the official form are acceptable.
- Photocopied reports may be submitted, but the appropriate officer must sign each copy and affix municipal seal.
- Appointed independent auditors should submit their own opinion in place of the prepared opinion at the end of the form.
- On the cover of the report, fill in the name of the municipality and the name of the county where it is located on the appropriate line and the date of the fiscal year being reported.
- **DO NOT place the copy of the report you are submitting to DCED in any type of binder or cover.**
- The report may be e-filed. Please see the Tip Sheet for details on how to e-file.

Types of Fund Groups Used in Governmental Accounting

Following is a listing of the types of "fund groups" that are used in governmental accounting. Please report information on those funds used in your municipality.

FUND OR ACCOUNT	DESCRIPTION
Governmental Funds	
1. General Fund	Accounts for all financial resources except those required to be accounted for in another fund. Includes transactions for general governmental services provided by the executive, legislative and judicial operations of the governmental entity, public safety, public works, codes enforcement/zoning, and parks and recreation.
2. Special Revenue Funds (includes state liquid fuels)	Accounts for the proceeds of revenue sources that are restricted for specified purposes. Includes resources and expenditures for operations such as public libraries, recreation, fire houses and equipment and pensions when a separate tax or a portion of the real estate tax is specifically designated by ordinance/resolution.
3. Capital Projects Funds	Accounts for financial resources for the acquisition or construction of major capital projects that benefit many citizens such as municipal buildings, roads, and water/sewer and storm water systems.
4. Debt Service Funds	Accounts for the accumulation of resources for, and the payment of, general long-term debt principal and interest. This fund is used for servicing the long-term debt of the government.
Proprietary Funds	
5. Enterprise Funds	Accounts for operations of government units that charge for services provided to the general public. Includes those activities financed in a manner similar to private business enterprises where the intent of the governing body is to recover the costs of providing goods or services to the general public on a continuing basis through user charges. Examples include water systems, sewer systems, refuse operations, convention center, sports arenas, municipal electric utilities, and municipal bus companies.
6. Internal Service Funds	Accounts for the financing of goods or services provided by one department or agency to other departments or agencies of the government unit. The services are usually provided on a cost-reimbursement basis and are offered only to other government agencies, not the general public. Examples are municipal motor vehicle pools, city print shops, and central purchasing operations.
Fiduciary Funds	
7. Trust Funds	Accounts for assets held in a trustee capacity. Examples of a trust fund are a trust created from a citizen's gift for the use in the development of a city park system and pension funds that are held either by the local government or a third party on behalf of employees. (Please see "Pension Reporting" under "Other Information" for additional information.)
8. Agency Funds	Accounts for assets held by a government unit in an agency capacity for employees or for other government units. Example: the city employees' payroll withholding for health insurance premiums. These accounts are imprest accounts.
Account Groups (Balance Sheet Only)	
9. General Fixed Assets Account Group	This account group maintains a record of fixed assets acquired by the governmental-type funds. Proprietary funds maintain their own fixed assets in their account.
10. General Long-Term Debt Account Group	This account group maintains a record of the unmatured, general long-term liabilities of the governmental-type funds.

Section II – Instructions for Completing the Annual Audit and Financial Report

General Directions

Reporting Entity. Include only the principal municipal government and its integral boards and commissions. Do not include any authorities created under the Municipality Authority Act of 1945 or Authorities created under special legislation. Under Pennsylvania law, these must be reported separately. However, do include lease rental debt incurred by the municipality when it undertakes to pay authority debt through annual lease rental payments.

Dollar Amounts. Round all figures to the nearest dollar amount.

Account Code Numbers. Code numbers that are located in the far-left column correspond to the account code numbers found in the Chart of Accounts for Pennsylvania Municipalities issued by DCED.

Balance Sheet

Balance Sheet. A summary of the financial position of the municipal government at the end of the year. Elected auditors who wish to balance funds should use the Balancing Worksheet at the end of the instructions. If your municipality operates on a cash basis and does not account for its fixed assets, enter only the cash balance amounts.

Cash. Checking, savings account balances, certificates of deposit and petty cash.

Investments. Long-term investments of reserve funds; investments of pension funds under control of the municipality.

Liabilities. Amounts owed, but not yet paid, by the municipality as of December 31.

Fund Balance/Retained Earnings. The positive (or negative) net worth of the fund. Equals assets minus liabilities.

Revenues

Taxes. Include all taxes levied directly by the municipality for its own use. Include in each category of tax revenues current and delinquent taxes. If the municipality levies a tax not already listed, include the name of the tax and the amount collected in the spaces provided.

Residence Taxes. Only taxes for Cities of the Third Class are to be placed in account number 308.00. All other municipalities that collect such a tax should place the information in the Per Capita Taxes line (310.00).

Assign county sales tax allocations to account number 357.00.

Assign assessments for streetlights to account number 383.00.

Assign fees for garbage collection to account number 364.30.

2012 MUNICIPAL ANNUAL AUDIT AND FINANCIAL REPORT

Debt Service. Expenditures to pay down debt obligations.

471.00 Debt Principal. The portion of the payment that reduces the outstanding principal of the debt for those municipalities that do not record the debt as a liability. The category includes principal paid on both short-term debt (for example: Tax Anticipation Revenue Note) and long-term debt. Where the municipality makes a single payment for capital leases or lease rental payments to a municipal authority and is unable to divide between principal and interest, enter the entire amount here.

Employer Paid Benefits and Withholding Items. Include expenditures only when the municipal accounting system does not permit their allocation to particular departments. If possible, the employee benefits and employer share of the withholding taxes should be shown for each functional area for which personnel costs are incurred.

Insurance. Include expenditures for all insurance costs except those for employee health benefits. The employee health insurance is reported on line 487.00, if not allocated to the particular department for which the health insurance cost is incurred.

Unclassified Operating Expenditures

488.00 Fiduciary Fund Benefits and Refunds Paid. Expenditures made by the pension plan for benefits paid out or refunds given. The amount will only appear in the Fiduciary Fund Type column and not in any other column.

489.00 All Other Unclassified Expenditures. Include Management/Administrative Fees or any other account which does not closely fit the expenditure categories. The amount reported on **this line should not be more than 1% of Total Expenditure within each fund.** Use of this account should be kept to a minimum.

Other Financing Uses. These are other uses of municipal funds that are not considered expenditures.

491.00 Refund of Prior Year Revenues. Include only refunds of revenues in a prior year(s). Can include tax refunds.

492.00 Interfund Operating Transfers. Shifting financial resources from one fund to another. **The total on line 492.00 must equal the total reported on line 392.00.**

Excess/Deficit of Revenue over Expenditures. On a fund-by-fund basis, subtract total expenditures from total revenues. This figure will reflect your operating position for the year.

Other Information

Because the Commonwealth of Pennsylvania is a cooperating state with the United States Bureau of the Census, certain information is requested on this form to meet the needs of the Census Bureau in gathering information nationwide. This cooperative program prevents the submission of duplicative financial report forms from both the state and local governments.

Debt Statement. Enter the appropriate information for each separate bond, note or capital lease. Show municipal liability for authority debt guaranteed by the municipal government through a lease rental agreement. Do not include compensated absences. The Maturity Year is required. The Current Year Accretion on Compound Interest Bonds will not be used by most municipalities.

Pension Reporting. The following chart serves as a guide for the treatment of pension reporting.

General Fund Reporting

This fund shows the pension activity at the municipal level. It includes pension money received from the State, which flows through your General Fund.

355.05 Act 205 State disbursed pension revenue. i.e. - Act 147 (Ad-Hoc), Act 205, Act 64.

483.00 Outgoing transfer to the financial institution that manages your pension fund. This amount includes the State pension revenue as well as any additional employer/employee contributions to the pension plan.

As an alternative to using line 483.00, a municipality may show the pension expense under the appropriate employee account (police, fire, administrative staff, etc.).

Fiduciary Fund (Trust and Agency) Reporting*

This fund shows the pension activity by the financial institution that manages your pension fund. This data is obtained from the annual financial statement provided to your municipality by that institution.

388.00 Incoming pension revenue from all sources received by the financial institution. i.e. - State pension revenue from the municipality's General Fund (reported on line 355.05), plus any additional employer/employee contributions to the pension fund.

341.00 Any kind of investment gain

482.00 Any kind of investment loss

488.00 Pension payout to retirees, including refunds to former employees

489.00 Pension fund management fees & miscellaneous expenses/deductions

*The year-end balance (value) of the pension fund should be shown in the Fiduciary Fund (Trust & Agency) on line 100-120 of the Balance Sheet.

Statement of Capital Expenditures. The Statement of Revenues and Expenditures in the main portion of the Report includes both capital and operating expenditures together. However, in order to provide needed data to the Census Bureau, please isolate and restate capital expenditures here. List by principal functional category. To identify capital expenditures, use the municipality's own definition. **Capital expenditures are generally considered to be those which result in additions to the value of fixed assets (land, buildings and other structures, machinery and equipment).**

Employee Compensation. Total W-2 wages, salaries, commissions and other compensation paid during the year to municipal officers and employees, including elected officials. Include compensation paid to the elected tax collector. **Note: These are personnel costs already shown in a different manner in the Statement of Revenues and Expenditures. Use data from the W-3 statement.**

Borrowing Base Certificate. The Borrowing Base Certificate is being provided as a management tool and will assist you in determining your borrowing capacity. **Completion of this form is optional.**

Elected Controller's/Auditors' Certified Opinion. Cross out those sections of the opinion that do not apply to your municipality. **The Report must be signed by the controller or at least two of the three elected auditors, and affixed with the municipal or notary seal. Certified public accountants should submit their own opinion in place of this page.**

Management Letter. It is suggested that the elected auditor take an advisory role in the improvement of the municipal financial procedures, especially as they relate to internal controls as defined by Generally Acceptable Accounting Principles as deemed appropriate, and that any findings and recommendations be submitted in a separate management letter accompanying the Annual Audit and Financial Report. This letter, which should be addressed to the local governing body, should indicate its purpose and reference the Annual Financial Report. **This letter is optional and should not be submitted with the Annual Audit and Financial Report to the Governor's Center for Local Government Services.**

Please submit all pages of this report, even if blank.

Section III – Balancing Worksheet

Cash Basis - Elected Auditors Only

	Special Revenue						
	<i>(Including State</i>		Capital				
	General Fund	Liquid Fuels)	Projects	Debt Service	Proprietary	Fiduciary	Total
1 Opening Cash/Investments Balance January 1 (Accounts: 100-120)							
2 Revenues							
3 Total Available (sum 1+2)							
4 Expenditures							
5 *Ending Cash/Investments Balance December 31 (Accounts 100-120)							

*** This figure should match your ending cash on line 100-120 (pages 10 and 11) in the respective funds.**

DCED verifies that the ending cash/investments balance (accounts 100-120) agrees to the calculated balance taking last year's ending cash/investments balance and adding the current year's revenues and subtracting the current year's expenditures.

Note: If a prior period adjustment has occurred, please include an explanation on the Balance Sheet.

Section IV – Annual Audit and Financial Report Form

ELECTED CONTROLLER'S/AUDITOR'S CERTIFIED OPINION

To the: Governing Body of the Municipality
President Judge of the Court of Common Pleas
Secretary of the Department of Community & Economic Development

I/We, the undersigned, the duly elected (or appointed replacement), qualified, and acting controller/auditors of the _____ have audited, adjusted, and settled the various funds and account groups of the _____ for the year ended December 31, 2012. My/Our audit, adjustment, and settlement was made in accordance with law rather than with generally accepted auditing standards.

(PLEASE CROSS OUT ONLY IF ON MODIFIED ACCRUAL/ACCRUAL BASIS)

This municipality's policy is to prepare its financial statements on the basis of cash receipts and disbursements; consequently, certain revenues and the related assets are recognized when received rather than when earned, and certain expenditures or expenses are recognized when paid rather than when a liability is incurred. Accordingly, the accompanying financial statements are not intended to present the financial position and results of operations of this municipality in conformity with generally accepted accounting principles.

These financial statements do not include all of the disclosures required by generally accepted accounting principles.

In my/our opinion, the aforementioned financial statements present the financial position of the various funds and account groups of the municipality of _____ for the year ended December 31, 2012, and the results of operations of such funds in accordance with the law.

Section V – Borrowing Base Certificate – Section 8002

The borrowing base is the arithmetic average of total revenues received for the three proceeding fiscal years as set forth in a certificate stating the total revenues for each year and stating the average. Any authorized official of the local government unit or an independent accountant may execute the certificate. The computation of the borrowing base must be done in accordance with the definition of revenues in Section 8002. The following method may be used:
