H2O PA - Water Supply, Sewer & Stormwater Approved Project List

Applicant/Contact	Project	County	Description	Approved Amount
1 Hamiltonban Township Sewer Authority P.O. Box 526 Fairfield, PA 17320 Robert Gordon	Wastewater Treatment Facility Expansion	Adams	Hamiltonban Township Sewer Authority is requesting H2O PA funds to assist with the Wastewater Treatment Facility Expansion in Hamiltonban Township, Adams County. The construction of a BNR WWTP with stream discharge will allow the Township to expand the spray fields to meet the requirements of their NPDES permit.	\$496,500
2 East Franklin Township 106 Cherry Orchard Avenue Kittanning, PA 16201 Barry Peters	EF 2010 Sanitary Sewer System Expansion	Armstrong	East Franklin Township is requesting H2O PA funds to extend sewer service to 26 homes in the villages of Adrian and Cowansville, East Franklin Township, Armstrong County. The extension will involve the installation of 4,600 LF of sewer and will replace malfunctioning on-lot septic systems.	\$878,700
3 Parks Township Municipal Authority 1106 Highland Avenue Vandergrift, PA 15690 David E. Geltz	PTMA Ridge Road & Eagles Nest Road Water Line Extension	Armstrong	Parks Township Municipal Authority is requesting assistance under the H2O PA program for the extension of public water to approximately 20 residents located in Parks Township, Armstrong County. The project will involve the extension of public water along Ridge Road and Eagles Nest Roads. Private wells and springs in these areas do not produce sufficient quantity of water for normal daily use in periods of extended dry weather.	\$291,000
4 Borough of Ambridge 600 11th Street Ambridge, PA 15003- Karen Ivancik	Sanitary Sewer System Improvements	Beaver	Borough of Ambridge is requesting assistance under the H2O PA program for Sanitary Sewer System Improvements in Ambridge Borough, Beaver County. The project is addressing a PADEP Consent Order and includes upgrades to the treatment plant and pump station to eliminate sanitary sewer overflows.	\$4,000,000
5 North Sewickley Township Sewer Authority 1160 Mercer Road Beaver Falls, PA 15010-6815 Albert Dainton	Phase III Sewer Improvements	Beaver	North Sewickley Township Sewer Authority is requesting H2O PA funds to assist Phase III Sewer Improvements in North Sewickley Township, Beaver County to extend a force main approx. 150 ft, extend service areas with low pressure sewer & individual grinder pumps. The project will eliminate malfunctioning onlot systems & will stop untreated sewage discharge to ground water.	\$500,000
6 Rochester Borough Sewer and Maintenance Authority PO Box 563 Rochester, PA 15074 Frank Dodson	2011 Sewer Improvements Project	Beaver	Rochester Borough Sewer and Maintenance Authority is requesting H2O PA assistance for construction of new sanitary sewers to serve the residents in Rochester Borough, Beaver County. It is anticipated that the project will significantly reduce flows to RAJSA's Interceptor as well as reduce the potential for sanitary sewage overflow into the Beaver River, Ohio River and McKinley Run.	\$1,000,000

<p>7 Bedford Township Municipal Authority P.O. Box 371</p> <p>Bedford, PA 15522</p> <p>Owen K. Crist</p>	<p>Camp Sunshine/Sweet Root CFA H2O 2010</p>	<p>Bedford</p>	<p>Bedford Township Municipal Authority is requesting H2O PA funds for the design and construction of a public sewer collection and conveyance system and public water distribution system in Bedford Township, Bedford County. The project will promote the management of water resources by routing the waste for treatment to the borough wastewater treatment plant. The grant will be used for construction costs, engineering & inspection, legal and administrative fees associated with the Camp Sunshine and Sweet Root Road water and sewer extension project.</p>	<p>\$374,615</p>
<p>8 Chestnut Ridge Area Joint Municipal Authority 320 Lane Metal Road</p> <p>New Paris, PA 15554</p> <p>William Claycomb</p>	<p>Pumping and Treatment Facility Improvements</p>	<p>Bedford</p>	<p>Chestnut Ridge Area Joint Municipal Authority is requesting assistance under the H2O PA program for upgrades to increase capacity at the Camp Pleasant Pumping Station located in East St. Clair Township, Bedford County. The project includes replacing the existing force main with a larger diameter pipe and installing the force main at a lower elevation to increase the station capacity. The existing pump station will be upgraded with a larger diameter wet well, new pumps and equipment and a new control system.</p>	<p>\$383,500</p>
<p>9 Borough of New Morgan 4092 Skippack Pike, Suite 202 P.O. Box 540 Skippack, PA 19474</p> <p>Julian V. Miraglia</p>	<p>NMBUA Water Supply and Sanitary Sewer System Interconnect</p>	<p>Berks</p>	<p>New Morgan Borough Utilities Authority is requesting H2O PA funds to assist with water and sewer improvements in New Morgan Borough, Berks County. To create a regional system, the project includes two interconnections between the New Morgan Borough Utilities Authority and the Caernarvon Township Authority water systems, constructions of three new wells, a 500,000 gallon storage tank, a water booster station, and 12,330 LF of water main.</p>	<p>\$656,750</p>
<p>10 City of Reading 815 Washington St. Reading, PA 19601-3615</p> <p>Thomas McMahan</p>	<p>Fritz Island WWTP Emergency Upgrade Project</p>	<p>Berks</p>	<p>City of Reading is requesting assistance under the H2O PA program for the Fritz Island WWTP Emergency Upgrade Project in the City of Reading, Berks County. The project will involve the purchase of an emergency generator and the construction of a new pumping station.</p>	<p>\$1,000,000</p>
<p>11 Geigertown Area Joint Authority 1445 E Main Street Douglassville, PA 19518</p> <p>Mike Montondo</p>	<p>Geigertown Area Sanitary Sewer Project</p>	<p>Berks</p>	<p>Geigertown Area Joint Authority is requesting H2O PA funds to assist with the Geigertown Area Sanitary Sewer Project in Robeson Township and Union Township, Berks County. The project will eliminate existing malfunctioning on-lot sewage disposal systems which are creating health hazards and sanitary problems in the area.</p>	<p>\$267,198</p>
<p>12 Lyons Borough Municipal Authority 316 South Kemp Street P.O. Box 131 Lyon Station, PA 19536-0131</p> <p>Debra Loy</p>	<p>Lyons Borough Municipal Authority WWTP Upgrade and Expansion</p>	<p>Berks</p>	<p>Lyons Borough Municipal Authority is requesting H2O PA funds to assist with the expansion of the WWTP in Lyons Borough, Berks County from 200,000 GPD to 300,000 GPD to accommodate the East Penn Manufacturing Company, the Authority's largest customer, request for additional capacity to facilitate an expansion of its manufacturing facility.</p>	<p>\$1,715,000</p>

<p>13 Perry Township Municipal Authority P.O. Box 308 Shoemakersville, PA 19555-0308 Mr. Thomas McKinney</p>	<p>Mohrsville Road Corridor Low Pressure Sewer System</p>	<p>Berks</p>	<p>Perry Township Municipal Authority is requesting assistance under the H2O PA program to construct a new sanitary sewer system and sewer line in Perry Township, Berks County.</p>	<p>\$154,012</p>
<p>14 Ruscombmanor Township 204 Oak Lane Fleetwood, PA 19522-8942 Richard Seidel</p>	<p>Breezy Corners Sewer System</p>	<p>Berks</p>	<p>Ruscombmanor Township is requesting assistance under the H2O PA program for the installation of 8,400 LF of gravity mains, 41 low-pressure grinder pumps, 28 manholes, and 4,150 LF of low-pressure sewer mains at the Breezy Corners sewer system in Ruscombmanor Township, Berks County.</p>	<p>\$500,000</p>
<p>15 Township of Richmond 11 Kehl Drive Fleetwood, PA 19522 Sheree L. Combs</p>	<p>Sanitary Sewer System</p>	<p>Berks</p>	<p>Township of Richmond is requesting assistance under the H2O PA program for a Sanitary Sewer System in Richmond Township, Berks County. The project includes the construction of a pump station, gravity main and a 23,000 gpd package treatment plant. DEP issued a Consent Order and Agreement requesting contaminated wells to be cleaned. Numerous septic system have malfunctioned as well as discharge of grey water into the street.</p>	<p>\$500,000</p>
<p>16 Township of Spring 2850 Windmill Road Sinking Spring, PA 19608 Leon Mazurie</p>	<p>Spring Township WWTP Expansion</p>	<p>Berks</p>	<p>Township of Spring is requesting assistance under the H2O PA program to retrofit its wastewater treatment plant in Spring Township, Berks County. The project is needed to meet new effluent limitations requiring phosphorous removal, stricter residual chlorine concentration in the discharge stream, reduction of the fecal coliform in the treated wastewater, and a total dissolved solids of 1,000 mg/l.</p>	<p>\$900,000</p>
<p>17 Altoona City Authority nka Altoona Water Authority 900 Chestnut Ave Altoona, PA 16601-4617 Mark Perry</p>	<p>AWA Easterly WWTF BNR Upgrades and Expansions</p>	<p>Blair</p>	<p>Altoona Water Authority is requesting H2O PA funds to assist with Biological Nutrient Reduction Upgrades and Expansions at the AWA Easterly WWTF in Logan Township, Blair County.</p>	<p>\$2,688,758</p>
<p>18 Williamsburg Municipal Authority 305 E. 2nd Street Williamsburg, PA 16693 Edgar Patterson</p>	<p>Williamsburg WWTP Upgrade Project</p>	<p>Blair</p>	<p>Williamsburg Municipal Authority is requesting H2O PA funds to assist with the Williamsburg WWTP Upgrade and Sewer Extension Project in Catherine Township and Woodbury Township, Blair County.</p>	<p>\$4,000,000</p>
<p>19 Dublin Borough 119 Maple Avenue P.O. Box 119 Dublin, PA 18917 William Wert</p>	<p>Maple Avenue Utility Installations</p>	<p>Bucks</p>	<p>Dublin Borough is requesting H2O PA funds to assist with Maple Avenue Utility Installations in Dublin Borough, Bucks County. The project will replace 1,660 LF of sanitary sewer pipes and install 1,600 LF of 8-inch ductile iron pipe to provide public water service to 34 properties. The project is designed to take advantage of roadway repairs being done by PennDOT.</p>	<p>\$252,000</p>

<p>20 Lower Makefield Township 1100 Edgewood Rd Yardley, PA 19067 Terry Fedorchak</p>	<p>Edgewood Village Sewer and Water Extension Project</p>	<p>Bucks</p>	<p>Lower Makefield Township is requesting H2O PA funds to assist with the Edgewood Village Sewer and Water Extension Project in Lower Makefield Township, Bucks County. The project will provide public sewer service to the 29 existing homes and lead to the development of commercial site expected to create 250 new jobs.</p>	<p>\$850,000</p>
<p>21 Plumstead Township 5186 Stump Road, P.O. Box 387 Plumsteadville, PA 18949 Frank Froio</p>	<p>Water Supply Upgrades</p>	<p>Bucks</p>	<p>Plumstead Township is requesting assistance under the H2O PA program for Water Supply Upgrades located in Plumstead Township, Bucks County. The project includes the construction of a new well and a 500,000 gallon storage tank to help regulate both the quality of the water supply and the quantity of water available.</p>	<p>\$417,340</p>
<p>22 Township of Falls Authority 557 Lincoln Highway Fairless Hills, PA 19030 Debra DeBlasio</p>	<p>Old Bristol Pike Public Sewer</p>	<p>Bucks</p>	<p>Township of Falls Authority is requesting assistance under the H2O PA program for the construction of two pump stations located in Falls Township, Bucks County. There are approximately 222 properties along Old Bristol Pike that have failing septic systems. The project involves the design and construction of two pump stations, 6,250 LF of 8-inch force main, and 2,640 LF of 8-inch gravity main. The sewage conveyed from this area will be treated at the Morrisville Municipal Authority WWTP.</p>	<p>\$168,652</p>
<p>23 Warminster Municipal Authority 415 Gibson Avenue PO Box 2279 Warminster, PA 18974 Timothy D. Hagey</p>	<p>Sewage Pumping No. 3 Force Main Replacement</p>	<p>Bucks</p>	<p>Warminster Municipal Authority is requesting H2O PA funds to replace an undersized force main pipe with a new larger pipe in Warminster Township, Bucks County.</p>	<p>\$75,152</p>
<p>24 Warwick Township Water & Sewer Authority PO Box 540 4092 Skippack Pike, Suite 202 Skippack, PA 19474 Michael Sullivan</p>	<p>Eddowes Road - Warminster Municipal Authority Interconnect</p>	<p>Bucks</p>	<p>Warwick Township Water and Sewer Authority is requesting assistance under the H2O PA program for upgrades to an existing sanitary sewer system located in Warwick Township, Bucks County. The Eddowes Road Sanitary Sewer Extension will correct an existing problem with failed on-lot systems that are servicing existing homes. The project will also create an interconnect with an existing public sanitary sewer system in an adjoining municipality known as Warminster.</p>	<p>\$349,791</p>
<p>25 Cranberry Township 2525 Rochester Road, Suite 400 Cranberry Township, PA 16066 John Skorupan</p>	<p>Pump Station, 24" Transmission Line and Sewer Interceptor</p>	<p>Butler</p>	<p>Cranberry Township is requesting H2O PA funds to construct a new water pump station, connect two water transmission lines, and improve the main sewer interceptor in Cranberry Township, Butler County. The project will increase the water systems capacity and allow for future growth in population. After initial award applicant has scaled back their project to only include the construction of the new water pump station.</p>	<p>\$105,000</p>

<p>26 Greater Johnstown Water Authority P.O. Box 1407 Johnstown, PA 15907-1407 Edward J. Cernic, Sr.</p>	<p>GJWA/MAWC Ligonier Interconnection</p>	<p>Cambria</p>	<p>Greater Johnstown Water Authority is requesting assistance under the H2O PA program for the installation of approximately 16.5 miles of waterline, new booster pump station, and two new 1.5 million gallon potable water storage tanks. The line will run primarily along the SR271 corridor from the Greater Johnstown Water Authorities Upper Yoder tanks to an interconnection with the Borough of Ligonier's existing system.</p>	<p>\$654,383</p>
<p>27 Nanty Glo Water Authority 1015 1st St Ste 1 Nanty Glo, PA 15943-1159 Harry Gearhart</p>	<p>Nanty Glo Water Transmission Main Replacement Project</p>	<p>Cambria</p>	<p>Nanty Glo Water Authority is requesting assistance under the H2O PA program for acquisition, construction, installation, equipment, engineering, inspections, and administrative costs of the water transmission main replacement in Nanty Glo Borough and Cambria Township, Cambria County.</p>	<p>\$716,808</p>
<p>28 Northern Cambria Municipal Authority 1202 Philadelphia Avenue Northern Cambria, PA 15714- Timothy Golby</p>	<p>Water System Improvements Project</p>	<p>Cambria</p>	<p>Northern Cambria Municipal Authority is requesting assistance under the H2O PA program to construct a new water transmission main and upgrade its current water supply system in Northern Cambria Borough, Cambria County. The project will provide a viable backup water source and allow for the continued use of the plant softening system.</p>	<p>\$813,940</p>
<p>29 Patton Municipal Authority 800 4th Avenue P.O. Box 175 Patton, PA 16668 A. Glenn Bowman</p>	<p>Hastings/Patton Water Supply Development Project</p>	<p>Cambria</p>	<p>Patton Municipal Authority is requesting H2O PA funds to assist with the interconnection of the Patton Municipal Authority and Hastings Municipal Authority systems, to develop new water wells, connect the new wells to the existing Patton water distribution system and to replace deteriorated distribution lines in both Hastings and Patton systems in Clearfield and Elder Townships and Patton Borough, Cambria County providing a long term solution to the community's water infrastructure needs as well as complying with state and federal regulations.</p>	<p>\$4,000,000</p>
<p>30 Borough of Kennett Square 120 Marshall St Kennett Square, PA 19348- Brant Kucera</p>	<p>Yeatman Well Rehab and Expansion</p>	<p>Chester</p>	<p>Borough of Kennett Square is requesting assistance under the H2O PA program to drill a water well on the Yeatman Farm as a source of water in Kennett Square Borough, Chester County.</p>	<p>\$900,000</p>
<p>31 Downingtown Municipal Water Authority 100 Water Plant Way Downingtown, PA 19335 John Lichman</p>	<p>Water System Improvements</p>	<p>Chester</p>	<p>Downingtown Municipal Water Authority is requesting H2O PA funds to assist with the Water System Improvements in Downingtown Borough, Chester County. The project will replace aging and corroded pipelines and install an advanced oxidation system at the water treatment plant.</p>	<p>\$66,670</p>
<p>32 East Vincent Township 262 Ridge Road Spring City, PA 19475- Mary E. Flagg</p>	<p>Veterans Center Plant Improvements</p>	<p>Chester</p>	<p>East Vincent Municipal Authority is requesting H2O PA funds to assist with the Veterans Center plant improvements in East Vincent Township, Chester County to achieve new federal NPDES effluent limit standards to reduce the potent environmental damage to receiving water body and also structural work.</p>	<p>\$815,660</p>

<p>33 West Brandywine Township Municipal Authority 198 Lafayette Road</p> <p>Coatesville, PA 19320</p> <p>Carl S. Lindborg</p>	<p>Regional Acquisition of Sewage Plant Capacity</p>	<p>Chester</p>	<p>West Brandywine Township Municipal Authority is requesting assistance under the H2O PA program for a Regional Acquisition of a Sewage Plant in the City of Coatesville, Chester County. Four townships are currently negotiating to purchase capacity at a sewage treatment plant operated by PA American Water Company. The plant is to be expanded from 3.5 million gallons per day to 7.0 million gallons per day. The new regional authority has not been formally organized.</p>	<p>\$900,000</p>
<p>34 Toby Township 25 Elder Road</p> <p>Rimersburg, PA 16248</p> <p>William G. Bowser</p>	<p>Toby Twp. Route 68 North Wastewater Collection Extension</p>	<p>Clarion</p>	<p>Toby Township is requesting H2O PA funds to assist with the Toby Twp. Route 68 North Wastewater Collection Extension in Toby Township, Clarion County. The project will construct a new wastewater collection system to correct water quality issues and the failure of on lot systems.</p>	<p>\$1,398,336</p>
<p>35 Hawthorn Redbank Redbank Municipal Authority PO Box 241</p> <p>Hawthorn, PA 16230-0241</p> <p>John Himes</p>	<p>Hawthorn Area Sanitary Sewer and Treatment Plant Project</p>	<p>Clarion, Armstrong</p>	<p>Hawthorn Redbank Redbank Municipal Authority is requesting H2O PA funds for the construction of a new sewage collection conveyance system and a new treatment plant to serve Hawthorn Borough and Redbank Township in Clarion County and Redbank Township in Armstrong County.</p>	<p>\$4,000,000</p>
<p>36 Clearfield Municipal Authority 107 E. Market Street</p> <p>Clearfield, PA 16830</p> <p>Russell Triponey</p>	<p>WWTF Upgrades and Collection System Improvements Project</p>	<p>Clearfield</p>	<p>The Clearfield Municipal Authority is requesting H2O PA funds for relining sewer lines and upgrades to the WWTP in Lawrence Township, Clearfield County. Phase I of the project is the rehabilitation of 4,800 LF of 18 inch interceptor found to be deficient and the repair of lift station No. 2. Phase 2 involves a biological nutrient removal upgrade to the existing WWTF to address nutrient removal and combined sewer overflow treatment.</p>	<p>\$4,000,000</p>
<p>37 Curwensville Municipal Authority 900 Susquehanna Avenue</p> <p>Curwensville, PA 16833-1532</p> <p>Larry Opalisky</p>	<p>Wastewater Treatment and Sanitary Sewer Improvements</p>	<p>Clearfield</p>	<p>Curwensville Municipal Authority is requesting assistance under the H2O PA program for a Wastewater Treatment and Sanitary Sewer Improvements project in Curwensville Borough, Clearfield County. The project involves the conversion of the existing wastewater treatment facility into a sequencing batch reactor plant and the rehabilitation or replacement of the clay lines and brick manholes in the sanitary sewer collection system to reduce inflow and infiltration from the system.=</p>	<p>\$4,000,000</p>
<p>38 City of Lock Haven 20 East Church Street</p> <p>Lock Haven, PA 17745</p> <p>Richard Marcinkevage</p>	<p>Lock Haven STP</p>	<p>Clinton</p>	<p>The City of Lock Haven is requesting H2O PA funds to assist with the Lock Haven STP in Lock Haven City, Clinton County. Upgrades to the sewage treatment plant include influent pumping and influent screening facilities and replacing the treated effluent chlorine disinfection facilities with ultraviolet disinfection to meet DEP compliance requirements for nutrient removal by September 2012.</p>	<p>\$4,000,000</p>

<p>39 Suburban Lock Haven Water Authority 326 Main St Mill Hall, PA 17751-1719 Jack Peters</p>	<p>Whiskey Run Water System Interconnection</p>	<p>Clinton</p>	<p>Suburban Lock Haven Water Authority is requesting H2O PA funds for the construction of a new finished water transmission main and water booster station in Colebrook Township, Clinton County. The project includes the construction of 18,000 LF of 6" diameter water main, new booster station, and new water meters.</p>	<p>\$1,200,000</p>
<p>40 Western Clinton County Municipal Authority PO Box 363 Renovo, PA 17764-0363 George Machak</p>	<p>Pump Station No. 4 Replacement</p>	<p>Clinton</p>	<p>Western Clinton County Municipal Authority is requesting H2O PA funds to replace the existing pump station No. 4 in Chapman Township, Clinton County.</p>	<p>\$502,794</p>
<p>41 Woodward Township Authority 86 Riverside Terrace Lock Haven, PA 17745-8227 Robert W. Everett</p>	<p>Woodward Heights Sanitary Sewer Lines Rehab Project</p>	<p>Clinton</p>	<p>Woodward Township Authority is requesting H2O PA funds to assist with the Woodward Heights Sanitary Sewer Lines Rehab Project by slip-lining approximately 4,750 LF of 8" diameter sanitary sewers, rehabilitating approximately 15 manholes, 53 lateral connections, 1,200 LF of lateral sewers, 1,200 LF of sagging sewer pipes, cleaning and videoing 6,000 LF of 8" diameter sewers in Woodward Township, Clinton County. Grant funds will be used for construction, engineering, and administration costs.</p>	<p>\$463,623</p>
<p>42 Pine Township Supervisors 309 Wintersteen School Road Millville, PA 17846 Ron Reichenbach</p>	<p>Legion Road Sewer Design</p>	<p>Columbia</p>	<p>Pine Township Supervisors are requesting H2O PA funds to assist with the Legion Road Sewer Design project in Pine Township, Columbia County. A survey of the area during the development of the Act 537 plan determined a significant portion of the homes along Legion Road had confirmed or suspected OLDS malfunctions.</p>	<p>\$782,000</p>
<p>43 Borough Of Cochranton P.O. Box 66 Cochranton, PA 16314-0066 William Shorts</p>	<p>Sewage Facilities Project</p>	<p>Crawford</p>	<p>The Borough of Cochranton is requesting assistance under the H2O PA program for a Sewage Facilities Project in Cochranton Borough, Crawford County. The project proposes construction of a 175,000 gallon per day sewage treatment plant, four sewage lift stations, and approximately 45,000 LF of sanitary sewage collection system.</p>	<p>\$350,000</p>
<p>44 Northwest Crawford County Sewer Authority P.O Box 56 Springboro, PA 16435 James Hoover</p>	<p>Wastewater Treatment Plant Upgrade</p>	<p>Crawford</p>	<p>Northwest Crawford County Sewer Authority is requesting assistance under the H2O PA program for WWTP improvements at there facility located in Springboro Borough, Crawford County. The project will involve the installation of a 240,000 gallon influent storage tank and surge pumps to eliminate raw sewage problems.</p>	<p>\$746,666</p>
<p>45 Mechanicsburg Borough 36 W. Allen St. Mechanicsburg, PA 17055 Rodney Whitcomb</p>	<p>Mechanicsburg Regional Wastewater Treatment Plant Upgrade</p>	<p>Cumberland</p>	<p>The Borough of Mechanicsburg is requesting H2O PA funds to improve their wastewater treatment plant located in Mechanicsburg Borough, Cumberland County. The improvements include replacement of existing treatment equipment, treatment process upgrades, and the construction of a biosolids composting facility.</p>	<p>\$1,000,000</p>

<p>46 Monroe Township 1220 Boiling Springs Road Mechanicsburg, PA 17055-9794 Mark Bruening</p>	<p>Southern Sewer District Upgrades</p>	<p>Cumberland</p>	<p>Monroe Township is requesting assistance under the H2O PA program for construction and rehabilitation of the sewer system in the Southern Sewer District of Monroe Township, Cumberland County. The project involves replacing approximately 4,345 LF of various sized sanitary sewer lines, 43 sanitary manholes, and miscellaneous repairs.</p>	<p>\$408,259</p>
<p>47 Silver Spring Township Authority 31 E. Main Street, PO Box 1001 New Kingstown, PA 17072 James Stevens</p>	<p>Silver Spring Township Authority Sewer Facilities Project</p>	<p>Cumberland</p>	<p>Silver Spring Township Authority is requesting assistance under the H2O PA program to upgrade its wastewater treatment plant and sewer collection/transmission systems in Silver Spring Township, Cumberland County. The project will meet the requirements of DEP's Corrective Action Plan, meet the new Chesapeake Bay Tributary Strategy discharge requirements, and benefit the Silver Spring Township community as well as three adjacent municipalities. The grant will be used by the Applicant for new construction, infrastructure/site preparation, purchase and install equipment, design, and administrative costs.</p>	<p>\$1,000,000</p>
<p>48 City of Harrisburg The City of Harrisburg, Bureau of Financial Management The Rev. Dr. Martin Luther King, Jr. City Government Center 10 N. Second Street, Suite 301 Harrisburg, PA 17101 Linda Thompson</p>	<p>Northern Gateway Sewer Improvement</p>	<p>Dauphin</p>	<p>City of Harrisburg is requesting H2O PA funds to assist with the Northern Gateway Sewer Improvement in the City of Harrisburg, Dauphin County. The rehabilitation of 2,000 LF of brick combined sewer and manholes will reduce the issues of inflow and infiltration and sewage being released into the environment through cracks and separations.</p>	<p>\$141,760</p>
<p>49 Steelton Borough 123 North Front Street Steelton, PA 17113 Doug Brown</p>	<p>Borough of Steelton East End Sewer Separation Project</p>	<p>Dauphin</p>	<p>Steelton Borough is requesting H2O PA funds to assist with the East End Sewer Separation, repairs to the existing collection system, construction of a new collection system for storm water discharges, acquisition, engineering, legal and administrative costs in the Borough of Steelton, Dauphin County.</p>	<p>\$1,250,000</p>
<p>50 Williamstown Borough Authority P.O. Box 32 Williamstown, PA 17098- Dennis English</p>	<p>Wastewater Treatment Plant and Collection System Extensions</p>	<p>Dauphin</p>	<p>Williamstown Borough Authority is requesting H2O PA funds to assist with a Wastewater Treatment Plant and Collection System Extension. Due to the age and condition of the existing wastewater treatment facility, it was determined to build a new facility, and complete 5 collection system extensions into Williams Township. The project is located in Williamstown Borough, Dauphin County.</p>	<p>\$600,000</p>
<p>51 Borough of Colwyn 221 Spruce Street Darby, PA 19023-2908 Tonette Pray</p>	<p>Sewer Main Rehabilitation</p>	<p>Delaware</p>	<p>The Borough of Colwyn is requesting H2O grant assistance in the amount of \$500,000 for their sewer main rehabilitation project in Colwyn Borough, Delaware County. Funds will assist in financing the construction, engineering, and administrative costs associated with this rehabilitation project. The total project cost is \$1,000,000.</p>	<p>\$0</p>

<p>52 Chadds Ford Township Sewer Authority 10 Ring Road, P.O. Box 816 Chadds Ford, PA 19317 Peter Forrest</p>	<p>The Ridings STP Improvements</p>	<p>Delaware</p>	<p>Chadds Ford Township Sewer Authority is requesting H2O PA funds to improve the existing Ridings of the township's sewage treatment plant, including new influent pumps, a new automatic influent screen, manual bypass screen, flow equalization tank, forward feed pumps, a new tertiary disk filter, and an emergency generator in Chadds Ford Township, Delaware County. The grant will be used for new construction, engineering/inspection and administrative costs associated with the Ridings sewage treatment plant improvement project.</p>	<p>\$400,000</p>
<p>53 Nether Providence Township 214 Sykes Lane Wallingford, PA 19063 Nathan Much</p>	<p>Nether Providence Sanitary Sewer System Improvements</p>	<p>Delaware</p>	<p>Nether Providence Township is requesting H2O PA funds to construct new sanitary sewer lines in Nether Providence Township, Delaware County. The project will connect 23 homes and one church to the public sewer system.</p>	<p>\$500,000</p>

The project involves the replacement of the Poorhouse Run Siphon, improvements to a portion of the Poorhouse Run Interceptor, improvements to a portion of the Arch Street Interceptor, and improvements to the Willis Run Stream Crossing.</p>	<p>\$1,000,000</p>

H2O PA - High Hazard Dams & Unsafe Dams

Applicant/Contact	Project	County	Description	Approved Amount
1 Bradford City Water Authority 28 Kennedy Street Bradford, PA 16701- Ronald L. Orris	Bradford Dam No. 2 Rehabilitation	McKean	The Bradford City Water Authority is requesting an H2O PA Grant for the rehabilitation of Bradford Dam No. 2. The dam spans Gilbert Run in Bradford Township, Bradford County. Bradford Dam No. 2, which was originally constructed in 1886 and modified in 1913, is 44 feet tall, 850 feet long, and impounds a 39-acre lake used as a water supply. The spillway will be repaired to ensure its continued sound operation. Its current width will be maintained, and its downstream slope will be flattened and reinforced with Roller Compacted Concrete (RCC) overtopping protection. The RCC overtopping protection will prevent damage and the possible breaching of the embankment in the event of a large storm that exceeds the capacity of the spillway and overtops the dam. Approximately 1,200 residents and 40 businesses would be impacted if Bradford Dam No. 2 failed. H2O PA funds would be used for the spillway repairs, embankment modifications, and RCC overtopping protection at Bradford Dam No. 2.	\$5,200,000

H2O PA - Flood Control

Applicant/Contact	Project	County	Description	Approved Amount
1 Schuylkill Haven Borough 12 West Main Street Schuylkill Haven, PA 17972-1904 Scott Graver	Schuylkill Haven Flood Control Project	Schuylkill	Schuylkill Haven Borough is requesting an H2O PA grant to alleviate flooding that has occurred on multiple occasions from high flow events along the Schuylkill River. Past flooding has resulted in extensive damages and has threatened human life. Some of the more severe flood events have occurred in 1889, 1901, 1924, 1933, 1935, 1972, and 2006. The 1972 and 2006 floods resulted in the largest damages.	\$1,033,198
