Webinar #1
- Program design considerations
  - Who will manage program?
  - Loans vs grants?
  - What businesses will be assisted?
  - Why is the program needed?
- Small businesses vs microenterprises
- Meeting a national objective
Program Design

1) Define program objectives

- What do you want to achieve?
- Know your target market
- Geographic Area
- Characteristics of target business/entrepreneurs
- Consult with lead local economic development agency re: need, demand, avoiding duplicative efforts

2) Determine technical and credit needs, Procedures

- Other sources of financing
- Types of credit needed
- Develop lending program
- Underwriting criteria
- Administrative procedures
- Monitoring and evaluation
- Loan criteria and fees

Discussion:

- How to choose minimum and maximum loan/grant amounts?
- What will happen for activities (businesses) out of compliance?
Program Design

3) Design TA and training
- Offer in conjunction with financing
- Ensure TA program has funding
- Implement TA program component

Discussion:
What type of TA is appropriate for targeted businesses? (Startups vs established businesses)

4) Evaluate program administration
- City? Existing nonprofit? New organization?
- Does staff have the necessary skills to implement?
- Develop organizational structure
  - Loan committee, staffing, budget
5) Establish delivery systems

- Marketing
- Application
- Screening, evaluation, and approval
- Closing and Disbursement
- Portfolio Management

Marketing Best Practices:
- Partner with business groups
- Use government social media channels
- Contact business improvement districts (BID)
- Direct mailing to business owners
- Inform city government leaders/councils

Make program basics clear- not buried in text
(Application location, website, program eligibility, financial limits, deadlines, program contact information)

Underwriting
Underwriting

Under what conditions?

Job number, job classification at time of assistance & at contract date/goal
Hours/week or hours/year of jobs created/retained
"Available to" criteria (if jobs not filled or held by LMI persons)

### Duplications of Benefits

**Requirement**: Must have duplication of benefits procedures for each activity/program. Must include, at minimum:

1. A requirement that any person or entity receiving CDBG-CV assistance (including subrecipients and direct beneficiaries) must agree to repay assistance that is determined to be duplicative; and
2. A method of assessing whether the use of CDBG-CV funds will duplicate financial assistance that is already received or is likely to be received by acting reasonably to evaluate need and the resources available to meet that need.

Program Income

- Gross income directly generated from a CDBG activity
- Program Income may return to ULG or its subrecipients
- Subject to CDBG rules in perpetuity
  - Funds never “expire” as federal dollars
  - May use for any CDBG-eligible project

CDBG-CV
Repayments become regular CDBG Program Income

Program Income

- Income receipts totaling $35,000 or less (per ULG) in a program year are not classified as program income
- Once this threshold is exceeded, all the money is considered program income, including the first $35,000
- Repayment of ineligible activity isn’t program income
- Subject to CDBG spending caps
- Per DCED, no Admin dollars from program income
Revolving Loan Program (RLF)

• Revolving = Loans are repaid (interest or principal) and relaided
• All repayment to RLF are program income
• Projects must comply with CDBG requirements
• Must be separate, interest-bearing fund (interest returned to fed gov)
• Interest earned by RLF loans- payed by borrowers- is program income

Revolving Loan Program (RLF)

• Loans are repaid (interest and/or principal) and relaided
• Not capitalized with CDBG
• Repayment back to RLF account
• RLF reserved for one type of program (Small Business vs Microenterprise)
• To establish RLF, first talk to DCED
Revolving Loan Program (RLF)

- Small Business/Micro Loan
- Repayment
