

EMERGENCY SOLUTIONS GRANT – CARES ACT

The Commonwealth of PA received a second allocation of \$19,903,907 in Emergency Solutions Grant CARES Act (ESG-CV2) funding allocated by HUD utilizing a formula with consideration for the share of all homeless, share of unsheltered homeless, share of at risk for homelessness, and share of at risk for unsheltered homelessness.

DCED has prioritized the use of nearly \$3,000,000 of the second ESG-CV allocation to address emergency winter shelter and temporary shelter needs related to the COVID-19 pandemic. Specifically, DCED has accepted applications from local governments and non-profit organizations to provide essential services, operations, hazard pay, and renovations for emergency shelters and temporary shelters. This specific use, called “ESG-CV Code Blue” also allows for street outreach services directly related to housing literal homeless in emergency shelter and temporary shelters during the winter months of 2020-2021.

On November 30, 2020 DCED announced awards to 15 entities providing services in 20 counties. Details of those awards and subrecipients providing services are included below.

Please note DCED will announce a period to accept applications for the balance of ESG-CV2 funds available to address homelessness prevention, rapid rehousing, street outreach, emergency shelter, and temporary emergency shelter for those preparing for, preventing the spread of or responding to the impacts of the coronavirus among individuals and families who are homeless or receiving homeless assistance and to support additional homeless assistance and homelessness prevention activities to mitigate the impacts created by coronavirus. DCED will begin accepting applications at the beginning of 2021.

CODE BLUE (ESG-CV CODE BLUE) APPROPRIATIONS NOVEMBER 2020
