Section I – General

A. Introduction

The Commonwealth of Pennsylvania, through the Department of Community and Economic Development (DCED), is administering the Homelessness Prevention and Rapid Re-housing Program (HPRP). This program was authorized by the American Recovery and Reinvestment Act of 2009 (ARRA). The purpose of HPRP is to provide homelessness prevention assistance to households who would otherwise become homeless – many due to the economic crisis – and to provide assistance to rapidly re-house persons who are homeless as defined by the McKinney-Vento Homeless Assistance Act.

The program is governed by both the Action Plan Amendment that DCED submitted to the U.S. Department of Housing and Urban Development (HUD) and the HUD Notice and subsequent Notice of Corrections and Clarification that outlines program requirements. Counties are urged to review these documents, which are available at the following websites:

- **DCED Action Plan:**
<http://www.newpa.com/strengthen-your-community/technical-assistance/download.aspx?id=1286>
- **HUD Notice:**
<http://www.hud.gov/utilities/intercept.cfm?/recovery/hrp-notice.pdf>
- **HUD Correction Notice:**
http://www.hudhre.info/documents/HPRP_corrections_6_08_09.pdf

The Action Plan Amendment (Plan) establishes three components – County Housing Partnerships, Underserved Populations & Pilot Initiatives, and Legal Services. The focus of these guidelines is the County Housing Partnerships or the “Formula” Component.

All households assisted with HPRP funds must be at or below 50% of Area Median Income (AMI). In addition, all providers of services under HPRP must enroll in and provide data to the Homeless Management and Information System (HMIS).

In an effort to welcome and to integrate immigrant communities with the revitalization efforts of the Commonwealth and its municipalities, DCED encourages local governments and community-based organizations to actively engage these communities. DCED will give special consideration to applications that include activities or describe how their municipality or organization currently takes proactive steps to integrate immigrant communities in their revitalization efforts. Activities that promote the integration of immigrant communities include, but are not limited to, projects that:

- Support community leadership training and development.
- Develop the capacity of community-based organizations for project management.
- Encourage civic participation in local affairs and planning.
- Support English language acquisition.
- Support entrepreneurial assistance.

Definition of Immigrant: Persons whose native language is not English.

DCED will adhere to the Commonwealth of Pennsylvania’s Keystone Principles for Growth, Investment and Resource Conservation in making selection of projects to receive HPRP funds. The priorities for funding contained in these HPRP guidelines are consistent and flow from the Keystone Principles.

B. Definitions

Financial Stability – This is the measure of sustained financial stability of the persons being served by the assistance received through HPRP.

Homeless – As defined by section 103 of the McKinney – Vento Homeless Assistance Act (42 U.S.C.) 11302)

C. Application Submission and Review

1. Eligible Counties

All of Pennsylvania Counties are eligible for a portion of the HPRP funds allocation to the state. DCED developed an allocation formula using the following need factors: 2007 homeless population count, number of working-age unemployed persons, and number of persons receiving food stamps. DCED established base grant amounts along with these need factors to assure an appropriate-sized grant for each county. DCED reduced the base grant amount for those counties or cities receiving HPRP funds directly from HUD.

2. Eligible Activities

- Financial Assistance is limited to the following activities; short-term rental assistance, medium term rental assistance, security deposits, utility deposits, utility payments, moving cost assistance and motel – hotel vouchers.
- Housing Relocation and Stabilization Services - HPRP funds may be used for services that assist program participants with housing stability and placement. These services are limited to the following activities; case management, outreach and engagement, housing search and placement, legal services, and credit repair.
- Data Collection and Evaluation – The Recovery Act requires that data collection and reporting for HPRP be conducted through the use of Homeless Management Systems (HMIS) or a comparable client-level database. Therefore reasonable and appropriate costs associated with operating an HMIS for purposes of collecting and reporting data required under HPRP and analyzing patterns of use of HPRP funds are eligible.
- Administrative Costs to carry out the administration and compliance of this program. Up to 2.5% of the grant request can be used for administrative expenses.

3. Activities Not Eligible or Prohibited

Prohibited activities include but are not limited to the following:

- Financial assistance or services available through other Recovery Act programs such as child care and employment training.
- Mortgage costs.
- Other costs such as but not limited to - construction or rehabilitation; credit card bills or other consumer debt; car repairs or transportation costs; travel costs; food, medical or dental care and medicines; clothing and grooming; home furnishing; pet care; entertainment activities; work or education related materials; and cash assistance to participants.
- Certifications, licenses and general training classes for case managers and program administrators.
- Funds may not be used to develop discharge planning programs in mainstream institutions such as hospitals, jails, or prisons.

Counties are directed to review the HUD Notice for the HPRP for more detailed descriptions of all of the above items.

4. **Requirements for All Counties**

In order to receive financial assistance or services funded by HPRP, individuals and families – whether homeless or housed – must meet the following minimum criteria;

- a. Any individual or family provided with financial assistance through HPRP must have at least an initial consultation with a case manager or other authorized representative who can determine the appropriate type of assistance to meet their needs;
- b. All households assisted with HPRP funds must be at or below 50% of Area Median Income (AMI); and
- c. The household must be either homeless or at risk of losing its housing and meet both of the following circumstances:
 - 1) No appropriate subsequent housing options have been identified: AND
 - 2) The household lacks financial resources and support networks needed to obtain immediate housing or remain in its existing housing.

5. **Application Submission**

- a. One copy of the Electronic Single Application submitted electronically and the HPRP formula application must be submitted by a county to the DCED Customer Service Center, Commonwealth Keystone Building, 400 North Street, 4th Floor, Harrisburg, PA 17120, in accordance with DCED's Single Application requirements. Applications must include all the required items noted in Section II B Application Contents on Page 10.
- b. A copy of these applications must also be sent to the appropriate DCED regional office.
- c. The application window will close at 5:00 p.m. on July 31, 2009. Applications postmarked after this date will not be considered for HPRP County Housing Partnerships – Formula funding.

6. **Eligible Grant Amounts**

- a. DCED will accept applications in the amount of the formula allocation as contained in the Amendment to the Consolidated Plan
- b. Eligible counties may apply for funds to carry out any of the eligible activities described in the HUD Notice regarding HPRP funding and further outlined in Section I C (2) Eligible Activities on Page 2 of these guidelines.

7. **Requirements of the County Housing Partnership – Formula Component**

- a. **Partnerships** – Counties receiving HPRP funding through the formula allocation must demonstrate through a Memorandum of Understanding (MOU), that a County Housing Partnership exists that includes at a minimum:
 - 1) County Housing Assistance Program agency and/or other appropriate county agencies such as mental health agencies meeting health or disability needs.
 - 2) One or more local housing providers (housing authority, community development agency, and/or community action agency)
 - 3) Local government agency(s) administering HPRP funds, for any cities and counties receiving a direct allocation of HPRP funds from HUD.

- b. **Priorities** – Counties must also identify specific local priorities for households being assisted using the following framework:
 - 1) Highest priority will be given to newly homeless people who are not chronically homeless and have the greatest likelihood of becoming stabilized with housing within 18-month limit of HPRP assistance.
 - 2) Priorities for homelessness prevention activities for people at risk of homelessness must identify a specific criterion that demonstrates assistance is critical to avoid homelessness, as required in the HUD Notice.
- c. **Leverage** – As a condition of receiving the increased funding from DCED, counties must demonstrate how they will leverage locally controlled funds to support the provision of the supportive services needed to allow formerly homeless persons to occupy permanent housing. Such funds may include Homeless Assistance Program, Community Services Block Grant, Community Development Block Grant or other resources identified by the county.
 - 1) Those counties receiving greater than \$50,000 in HAP funds will be required to show a commitment of local funds of at least 25% of the HPRP formula allocation over a three year contract period.
 - 2) Those counties receiving \$50,000 or less in HAP funds will be required to show a commitment of local funds at a lower level but no less than 10% of the HPRP formula allocation over a three year period.

The application submitted by the county must;

- 1) Identify the amount of locally controlled funds that will be directed to pay supportive services costs for permanent housing, and
 - 2) An estimate of the increased number of permanent, supportive housing units that will be assisted with the identified funds.
- d. **Continuum of Care** – As a contracting requirement each county must submit their proposal to the local or regional “Continuum of Care” which coordinates HUD and local homelessness programs for their review and signature of the Certificate of Consistency for Local Continuum of Care.

In addition, the County Housing Partnerships must continue to Coordinate activities with the local or regional Continuum of Care. These County Housing Partnerships will have the local responsibility for collaboration with the Continuums of Care, as well as the other relevant agencies that have resources that could benefit homeless people and those at risk of homelessness including those county service agencies funded through the Pennsylvania Department of Public Welfare.

8. **Proposal Content**

DCED has identified two priority populations for assistance with the HPRP funds, newly homeless and those who are at risk of homelessness. Counties must describe in sufficient detail the proposed activities per program population in order for the reviewer to make a determination on the eligibility of the proposed activities. The county is directed to pay close attention to the HUD Notice, DCED’s Plan and these Guidelines especially dealing with the following items:

- a. **Eligible Program Participants** – All households assisted with HPRP funds must be at or below 50% of Area Median Income (AMI).

- b. **Priorities** – Counties must also identify specific local priorities for households being assisted using the following framework:
 - 1) Highest priority will be given to newly homeless people who are not chronically homeless and have the greatest likelihood of becoming stabilized with housing within 18-month limit of HPRP assistance.
 - 2) Priorities for homelessness prevention activities for people at risk of homelessness must identify a specific criterion that demonstrates assistance is critical to avoid homelessness, as required in the HUD Notice.
- c. **Leveraged funds** – counties must demonstrate how they will leverage locally controlled funds to support the provision of the supportive services needed to allow formerly homeless persons to occupy permanent housing.
- d. **Creation of permanent housing** – An estimate of the increased number of permanent, supportive housing units that will be assisted with the leveraged funds.

9. **Evaluation of Applications**

The proposal will be evaluated using the following criteria:

- a. **Eligible Activities** – Whether the activities to be paid with HPRP funds are all eligible activities as described in Section I C (2) above.
- b. **Requirements of the Program** – Whether the application proposal describes how the County Housing Partnership will meet the program requirements specified in Section I C (4) above.
- c. **Priorities** – Whether the county will meet both of the requirements in setting priorities as specified in Section I C (7) above.
- d. **Partnerships** – Whether the proposal demonstrates establishment of a County Housing Partnership as described in Section I C (7) above.
- e. **Leveraging** – Whether the proposal addresses the program requirements to leverage funds:
 - Has the county identified the amount of locally controlled funds that will be directed to pay supportive services costs for permanent housing, and
 - Has the county given an estimate of the increased number of permanent, supportive housing units that will be assisted with the identified funds.
- f. **Continuum of Care** – Whether each county has submitted their proposal to the local or regional “Continuum of Care” which coordinates HUD and local homelessness programs for their review and signature of the Certificate of Consistency for Local Continuum of Care.
- g. **Capacity** – Whether the county has identified in the application the following:
 - The allocation amount requested is as set forth in the Plan.
 - Lead administering agency for the program and the tasks to be preformed delineated. As the responsible entity for HPRP funding, the county will be accountable for the financial setup and draw of funds via the Integrated Disbursement Information System (IDIS), the environmental review, the preparation and execution of a sub-recipient agreements with any nonprofit entities, all monitoring, recordkeeping and compliance issues.

- Agency maintaining the IDIS system for the program is identified.
- The County or an administering agency using the HMIS system or which will be required to be trained so as to be certified in its use.

h. Timeliness

- The ability of the activities to be implemented and completed in a timely manner will be evaluated. Under these criteria, DCED will evaluate each proposed project to determine if other necessary funding sources are in place and that activities can commence immediately. DCED must obligate all funds by September 30, 2009. All funds must be expended within 36 months from the date that HUD executes a contract with DCED, which will provide counties/sub-recipients with less than 36 months to expend funds since the HUD contract execution date is expected to occur prior to September 1, 2009.
- To meet the HUD timeliness requirements, DCED will assess whether 60% of the funds can be expended at least three months before the 24 month deadline and similarly assess whether the activities can be completed and all funds expended at least three months before the 36 month deadline. These timelines have been established to meet the HUD timeframes.

i. Miscellaneous Provisions

- Whether the application is complete and addresses all of the required content.
- Whether the Electronic Single Application was submitted and signed certification attached to application.
- Whether the Application was submitted on time.

10. Application Reductions and Reallocation of Grant Funds

DCED will take the following steps to assure that funds are fully expended:

- DCED may reduce the application grant awarded below the amount requested due to the county or sub-recipient's capacity limitations or concerns about the timeliness in the expenditure of the amount of funds.
- Monitoring of county expenditures will intensify six months prior to the 21-month timeline and prior to the grant agreement expiring (anticipated being 33 months). If DCED deems the funds will not be expended, DCED may take steps to reallocate funding to another county.
- If funds become available due to the lack of progress or the inability to expend all the grant funds prior to the contract expiration date, DCED will initiate steps to reallocate any unused funds prior to the grant contract's expiration date. DCED will initiate reallocation of funding based upon:
 - Original grant proposal requests not being fully funded.
 - Counties that notify DCED that a gap in financing may exist for certain projects.
 - Successful expenditure rates of HPRP funds by counties participating in the County Housing Partnerships component of DCED's allocation of HPRP funds.

D. General Provisions
