Section I – General

A. Introduction

The Keystone Special Development Zone (KSDZ) program was established by Act 26 of 2011, for providing incentives to for-profit businesses that locate and operate in designated geographic zones. Pennsylvania continues to have a surplus of abandoned, deteriorated commercial and industrial sites in need of revitalization. The KSDZ program is an incentive-based tax credit program to foster redevelopment of these former industrial and commercial sites.

Businesses that provide job-creating economic development opportunities through the expansion of existing operations or the relocation of operations to the Commonwealth of Pennsylvania may be eligible for tax credits under this program. These tax credits can be earned in any tax year for up to ten years during the period between July 1, 2012 and June 30, 2035 and may be used to offset the businesses' qualified tax liability, may be assigned, or may be sold.

Section II – Eligibility

A. Eligible Sites

Parcels of real estate must meet all of the following criteria to be designated a Keystone Special Development Zone:

1. Be located within a Special Industrial Area as of July 1, 2011, for which the Department of Environmental Protection (DEP) has executed a Special Industrial Area Consent Order and Agreement.
2. On July 1, 2011 had no permanent vertical structures affixed to it or had a permanent vertical structure affixed to it which has been deteriorated or abandoned for at least 20 years.
3. Has been certified by DEP as meeting the requirements of (1) and (2) above.

B. Eligible Keystone Special Development Zone Employers

In order to be eligible to receive KSDZ tax credits, a KSDZ employer must meet the following requirements:

1. Be located within a Keystone Special Development Zone.
2. Employ one or more employees at a designated KSDZ site. To be eligible, the employee must:
 - a. Be employed by a KSDZ employer, or its predecessor, after June 30, 2011.
 - b. Be employed for at least 35 hours per week by a KSDZ employer.
 - c. Spend at least 90% of the time working at the KSDZ location.

A KSDZ employer who has caused or contributed to a level of regulated substance above the Act 2 cleanup standards or who has engaged in construction improvements on a Keystone Special Development Zone is not eligible to receive KSDZ tax credits.

3. Must be subject to taxes imposed under Personal Income Tax, Corporate Net Income Tax, Bank and Trust Company Shares Tax, Title Insurance Companies Shares Tax, Mutual Thrift Institutions Tax.

C. Amount of Tax Credit

1. The amount of tax credits the KSDZ employer may earn in a single tax year is \$2,100 for each Full Time Equivalent Employee (FTE) in excess of the number of FTEs employed by the KSDZ employer in Pennsylvania prior to January 1, 2012.
2. A Full Time Equivalent Employee (FTE) is defined as the whole number of employees, rounded down, that equals the sum of the following:
 - a. The total paid hours, including paid time off and family leave under the Family and Medical Leave Act of 1993, of all of a KSDZ employer's employees classified as nonexempt during the KSDZ employer's tax year divided by 2000; and
 - b. The total number arrived at by adding, for each exempt employee scheduled to work at least 35 hours per week, the fraction equal to the portion of the year the exempt employee was paid by the KSDZ employer.
 - c. Employees are classified as exempt or non-exempt under the Fair Labor Standards Act of 1938.
3. This calculation excludes employees previously employed by an affiliate and employees previously employed by the KSDZ employer outside of a Keystone Special Development Zone.
4. An Affiliate is defined as follows:
 - a. An entity which is part of the same "Affiliated Group," as defined in Section 1504(A) of the Internal Revenue Code of 1986, as a KSDZ employer; or
 - b. An entity that would be part of the same "Affiliated Group" except that the entity or the KSDZ employer is not a corporation.
5. A KSDZ employer is entitled to claim this tax credit against its qualified tax liability. Qualified tax liability is defined as any tax owed by a KSDZ employer attributable to a business activity conducted within a Keystone Special Development Zone for a tax year under Personal Income Tax (Article III), Corporate Net Income Tax (Article IV), Bank and Trust Shares Company Tax (Article VII), Title Insurance Companies Shares Tax (Article VIII) or Mutual Thrift Institutions Tax (Article XV).

D. KSDZ Employer's Apportionment Formulas

The KSDZ employer's tax liability attributable to business activities within the Keystone Special Development Zone shall be calculated in conformity with Articles III, IV, VII, VIII or XV of the Tax Reform Code of 1971 and by using the following apportionment formulas:

1. If the entire business of the employer in this commonwealth is transacted wholly within the Keystone Special Development Zone, the tax liability attributable to business activity within a Keystone Special Development Zone shall consist of the Pennsylvania income as determined under Articles III, IV, VII, VIII or XV, whichever is applicable, of the Tax Reform Code.
2. If the entire business of the employer in this commonwealth is not transacted wholly within the Keystone Special Development Zone, the qualified tax liability of an employer in a Keystone Special Development Zone shall be determined upon such portion of the PA tax liability of the employer attributable to business activity conducted with the Keystone Special Development Zone apportioned to the Keystone Special Development Zone by multiplying Pennsylvania tax liability by a fraction, the numerator of which is the property factor plus the payroll factor and the denominator of which is two, in accordance with the following:

- a. The property factor is a fraction, the numerator of which is the average value of the employer's real and tangible personal property owned or rented and used in the Keystone Special Development Zone during the tax period and the denominator of which is the average value of all of the employer's real and tangible personal property owned or rented and used in this Commonwealth during the tax period but shall not include the security interest of any employer as seller or lessor in personal property sold or leased under a conditional sale, bailment lease, chattel mortgage or other contract providing for the retention of a lien or title as security for the sales price of the property.
- b. The payroll factor is a fraction, the numerator of which is the total amount paid in the Keystone Special Development Zone during the tax period by the employer to an employee as compensation and the denominator of which is the total compensation paid by the employer in this commonwealth during the tax period.
- c. Compensation does not include any individual not employed directly by the KSDZ employer including but not limited to: contracted employees (i.e., employees of a third party entity contracted to perform work at the KSDZ company), consultants, independent sales people, etc., who are not eligible to be included as part of the payroll.

E. Program Requirements

1. The KSDZ employer must be in compliance with the laws and regulations of the Commonwealth of Pennsylvania, to the satisfaction of the Department. Failure to achieve state tax compliance during the review period will result in the denial of the tax credit application.
 - State Tax Compliance requires the applicant to have filed all required state tax reports and returns for all applicable taxable years and paid any balance of state tax due as determined at settlement or assessment by the Department of Revenue, unless the tax due is under appeal at the time the finding was made by the Department of Revenue.
 - The two issues for determination are entity tax compliance and ownership tax compliance for entity owners with a 20% or greater share of ownership.
 - The state tax clearance form for tax credit and economic development programs can be accessed here: revenue.pa.gov/taxcredits
2. Tax credits must be first applied against the KSDZ employer's qualified tax liability prior to transfer, assignment, or sale.
3. The KSDZ employer must agree to maintain operations related to the KSDZ tax credits in this commonwealth for a period of 5 years from the date the company first submits a KSDZ tax credit certificate to the Department of Revenue.
4. **Monitoring and Reporting**

When applying for KSDZ benefits, an applicant is authorizing the Department of Community and Economic Development (DCED) to request access to, and review of, the applicant's and its affiliates' state tax returns. Authorized representatives of the applicant with full authority to waive confidentiality under Pennsylvania law will sign off on the release of tax information by the Department of Revenue.

Section III – Program Limitations

The following limitations apply:

1. Eligible employers may earn the KSDZ tax credit in any tax year for up to 10 years during the period beginning July 1, 2012 and ending June 30, 2035.

Section V – Procedure for Utilizing Tax Credits

- A. After jobs have been deemed created, DCED will issue a tax credit award letter to the KSDZ employer. In order to claim the tax credit, the KSDZ employer must submit the tax credit award letter received from DCED to the Department of Revenue.
- B. A KSDZ employer may claim a KSDZ tax credit of \$2,100 for each new FTE job created as approved by DCED. The KSDZ tax credit must first be applied to the KSDZ employer's qualified tax liability for the period in which the credit is approved before the KSDZ employer may sell or assign the excess KSDZ tax credits. Remaining credit can be carried forward for up to ten years.
- C. A KSDZ employer may apply the tax credit to 100% of the business's state Corporate Net Income tax, Capital Stock/Foreign Franchise tax, Personal Income tax, Tile Insurance tax, Bank Shares tax, and Mutual Thrift tax. Credits may be awarded to sole proprietorships, pass-through entities, and corporations only. Cash refunds will not be issued for unused credits.
- D. KSDZ tax credits may be sold or assigned only as approved by DCED. See Section VII for further details.

Section VI – Penalties

- A. KSDZ employers who receive KSDZ tax credits and who fail to substantially maintain the operations related to the KSDZ tax credits in this commonwealth for a period of five years from the date the KSDZ employer first submits the KSDZ tax credit certificate to the Department of Revenue shall be required to refund to the commonwealth the total amount of the KSDZ tax credits granted with interest and a penalty of 20% of the amount of credits granted.

Section VII – Assignment or Sale

A. Introduction

KSDZ employers who have not used all or a portion of their KSDZ tax credits issued between July 1, 2012 and June 30, 2035 may apply to DCED for approval to assign their eligible KSDZ tax credits to a “buyer” that can use them to offset up to 75% of its own tax liability.

B. Eligibility

1. Seller or Assignor

In order to be eligible to sell or assign KSDZ tax credits, a KSDZ employer must demonstrate the following:

- a. It had insufficient qualified tax liabilities against which to apply the KSDZ tax credits granted to it.
- b. It has possessed the KSDZ tax credits granted by DCED for at least one year prior to the date of the proposed assignment.
- c. It is seeking to assign or sell in whole or in part only those KSDZ tax credits that have not already been utilized and are still within their ten (10) year maximum lifetime.

2. Pass-through Entities

- a. If the KSDZ employer holding the KSDZ tax credits is a pass-through entity and does not have sufficient tax liability to use the KSDZ tax credits, it may elect to transfer all or a portion of the credits to shareholders, members or partners of the pass-through entity. A shareholder, member or partner is entitled to KSDZ tax credits equal to the product of:
 - i. The unused amount of the KSDZ credit, and
 - ii. The percentage of the pass-through entity distributive income to which the shareholder is entitled.
- b. The pass-through entity and the shareholder, member or partner of that entity may not claim a KSDZ credit for the same portion of the approved KSDZ tax credit. The pass-through entity may not apply to assign any KSDZ tax credit that has been passed through to a shareholder, member or partner. The credit must be applied in the year the transfer is made. Partners, members or shareholders may not carry forward, carry back, sell, assign or obtain a refund for unused credits.

3. Buyers

- a. A buyer may use a KSDZ tax credit to offset any qualified tax liability up to a maximum of 75% of its qualified tax liability for the taxable year in which the approval is received and the purchase is made. Qualified tax liabilities are those covered in Articles III, IV, VI, VII, VIII or XV of the Tax Reform Code including:
 - i. Personal Income Tax.
 - ii. Corporate Net Income Tax
 - iii. Capital Stock/Foreign Franchise Tax
- b. A buyer may not carry over, carry back, obtain a refund of, sell or assign the KSDZ tax credit. The buyer must claim the credit in the taxable year in which the approval is received and purchase of the KSDZ tax credit is made.
- c. The buyer is required to notify the Department of Revenue of the seller of the KSDZ tax credit in accordance with procedures specified by DCED.

C. Assignment or Sale Requirements and Conditions

The following program conditions apply to prospective KSDZ tax credit assignors, buyers or facilitators:

1. At the time of the application for approval to sell or assign KSDZ tax credits, the seller or assignor business should be prepared to: identify the specific KSDZ tax credits to be sold or assigned (issue date, amounts, etc.); provide information identifying the buyer to the satisfaction of DCED and the Department of Revenue; and disclose the selling price of the KSDZ tax credits being sold or assigned.
2. If the seller is selling credits to more than one buyer or credits from more than one issue date or “class or vintage”, a separate application should be submitted to DCED for approval to assign credits for each separate buyer or separate “class or vintage” of KSDZ tax credits.
3. KSDZ tax credits may only be sold or assigned once. Once a sale or assignment is approved, it is final, and the seller’s or assignor’s right to claim the credit is terminated. Buyers may not resell or reassign the KSDZ tax credits.
4. The date of receipt of the application form (see Appendix C) by DCED will be used to determine the official date of approval for the sale or assignment of the KSDZ tax credits. If the assignor and buyer agree that the tax credits being assigned are to be used for a specific taxable calendar or fiscal year, the submission of the application should be timed so that DCED receives it on or before the last business day of the taxable calendar or fiscal year for which the tax credit will be used. Faxed or emailed applications will be considered received on the date of the fax receipt or the date the email is sent.
