Section I – Introduction

A. Description

Manufacturing PA is part of Governor Wolf’s Jobs that Pay Initiative, which supports Pennsylvania’s manufacturing community by offering targeted programs and services through the PA Department of Community and Economic Development and its strategic partners. **Training-to-Career Grants** support projects that result in short-term work-readiness training, entry-level job placement, or the advancement of the manufacturing industry.

Grants shall be awarded to nonprofits on a competitive basis and capped at $200,000. Applications that demonstrate both cash and in-kind match, as well as a path to sustainability, will be scored more favorably.

An emphasis will be placed on supporting those populations that face barriers to employment as defined by the Workforce Investment Opportunity Act (WIOA), included in these guidelines under Section X.

Grants under this program are processed under the authority of Section 3 of the Act of May 10, 1939 (P.L. 111, No. 51), known as the Commerce Law, which authorizes the Department of Community and Economic Development to undertake ways and means of promoting and encouraging the prosperous development of Pennsylvania business, industry and commerce, of expanding markets and promoting and developing new markets for Pennsylvania products, to encourage the location and development of new business, industry and commerce within the commonwealth, to aid in restoring employment in communities affected by unemployment, and to assist persons, firms, associations, political subdivisions, corporations, cooperative associations and other organizations in the execution of its duties and functions under the Act.

B. Mission

The mission of this program is to work collaboratively with local manufacturers to identify and teach missing essential skills for entry level applicants for existing or near future open positions, engage youth or those with barriers in awareness building activities of career opportunities in manufacturing, and advance capacity for local or regional manufacturers. The Manufacturing PA Training-to-Career Grants will not duplicate existing incumbent worker training programs such as WEDnet and Industry Partnerships, as it is designed to help companies identify and train individuals for entry-level employment.

Section II – Eligible Applicants

Any nonprofit entity that develops training programs and partners with manufacturing companies to deploy such programs to meet local or regional needs, including, but not limited to:

- Technical and trade schools
- School districts
- Post-secondary academic institutions
- Workforce investment boards
- Economic development organizations
- Nonprofit organizations.

The term Applicant does not include for-profit entities.
Section III – Eligible Uses of Funds

Projects must focus on the development and deployment of workforce training programs for individuals with barriers to employment, engage youth or those with barriers in awareness building activities of manufacturing career opportunities, and advance capacity for local or regional manufacturers to meet the needs of local and regional manufacturers that cannot be met through existing programs such as WEDnet and Industry Partnerships.

A. Awareness Programs

Awareness program projects support the advancement of the manufacturing industry through the engagement of youth or those with barriers to employment in awareness building activities related to career opportunities in manufacturing.

Awareness programs are limited to three funding grant awards, with tiered funding levels:

2. **Award 2:** Maximum request of $100,000 for program expansion *(see definition on Section X)* of an existing and previously funded awareness program, with proven results.

3. **Award 3:** Maximum request of $50,000.

**Eligible Uses of Funds:**

1. The implementation of awareness programs (including program development).

2. Regional domestic travel directly related to the project. Travel expense shall be incurred consistent with the Department’s travel policy or the Applicant’s travel policy, provided it has been pre-approved by the Department.

5. Preparation and publishing costs for educational and marketing materials, including expenses associated with the dissemination of such materials.

These projects work collaboratively with local manufacturers to identify and teach missing essential skills for entry level applicants for existing or near future open positions.

Applicant funding is limited to three grant awards per training program.

**Eligible Uses of Funds:**

1. The implementation of training programs (including curriculum development, skill certification and/or course completion).

2. Internships at small to medium sized companies.
3. Equipment purchases or shop modifications less than $25,000 that will enhance worker training.

5. Staff salaries and fringe benefits attributable to execution of project.

6. Contracted professional services directly related to the implementation of the activities set forth in the proposal.

7. Preparation and publishing costs for educational and marketing materials, including expenses associated with the dissemination of such materials.

C. Ineligible Use of Funds

2. Lobbying services or fines or reparations resulting from lawsuits, citations, or regulatory actions.

4. Costs incurred outside of the activity period identified in the formal grant contract between DCED and the applicant.

5. Other expenses deemed ineligible by DCED.

Section IV – Application Procedures

The Contract Activity Period will be from the grant contract start date and will end within 24-months. Since awards are made on an ongoing basis, for as long as funds are available, project start and end times must be flexible.

4. DCED reserves the right to ask applicants to revise applications.

Section VI – Procedures for Accessing Funds

**Section IX – Budgets, Budget Revisions and Invoicing**

The budget will be reviewed by the Department, and when approved, will be made a part of the grant contract with the Department.

After the applicant has a fully executed grant contract, the original budget may require revision of certain budgeted line items to reflect changing circumstances. A request for a budget revision should be made to the Office of Workforce Development contact at the Department and should include the description for the budget revision.
