PENNSYLVANIA COMMUNITY SERVICES BLOCK GRANT CARES ACT SUPPLEMENTAL STATE PLAN | AUGUST 2020
Pennsylvania Community Services Block Grant CARES Act
Supplemental State Plan

The Federal Department of Health and Human Services, Office of Community Services is requesting an abbreviated State Plan for funding granted under the CARES Act to provide additional information for the previously accepted 2019-2021 CSBG State Plan.

1.1 This plan will be submitted via the Federal reporting system, OLDC by September 1, 2020.

1.2 The Pennsylvania Department of Community and Economic Development (DCED), Center for Community Services, is the lead agency at the state level who administers the Community Services Block Grant (CSBG) and the supplemental CARES Act funding.

1.4 The DCED point of contact for this grant is Lynette Praster, Director, DCED Center for Community Services lpraster@pa.gov, 717-720-1350.

2.1 There is no special state legislation or regulation that directly impacts the implementation of CSBG CARES supplemental funding.

3.1 State Plan Goals: Describe the state’s specific goals for state administration of CSBG as it directly relates to the CSBG CARES funding.

Note: For examples of “goals,” see State Accountability Measure 1Sa(i).

Pennsylvania’s CSBG agencies are serving as front line warriors during the COVID-19 pandemic battle. By closing office doors, and teleworking to providing emergency services, Community Action is meeting community needs with emergency food distribution, food shortage resolutions, homeless sheltering, prisoner re-entry assistance, filling technology and tech equipment gaps, among many others. The network is continuing to provide these services to assist people in their communities as PA slowly opens back up and moves into pandemic recovery.

DCED recognizes that specific goals for administering CSBG CARES revolve first around assuring that every agency can access their CARES funding to make investments targeted to the specific needs of its local community and to use the CSBG funds in conjunction with other federal, state, local, and private funding streams. During weekly calls with the Community Action Association of PA (CAAP) and the CSBG network, agencies have discussed proactive needs assessment processes utilized during the pandemic and ideas and solutions. These various discussions helped to form their CARES workplan goals based on current and emerging needs in their service areas and the assessment of the variety of activities and funding streams being distributed to communities across the state. DCED will remain as flexible as possible in those processes so that the agencies may provide help where it is needed most by the families and communities impacted by the pandemic.

In considering both the emergency and long-term services proposed by the agencies in their CARES workplans, DCED encourages the network’s commitment to navigation and case management activities, including the consideration of social determinants of health. Therefore, implementing a Whole Family Approach appears to be the most integrated and realistic approach to adequately meet people and communities where they are on the spectrum of this pandemic emergency and assist them on their journey to long term recovery. The Whole Family Approach will further integrate multi-generational approaches into Community Action Agency programs currently offered. This will be coupled with attention to Agency Change Management. DCED, in partnership with the CAAP, will focus resources to the CSBG network during their on-going readjustments to the shifting opportunities and threats within these challenging times to meet new community and agency needs.
Additionally, DCED will encourage the network’s involvement in social justice activities that will connect Human Capacity with Community Transformation. Creating true partnership with government and other non-profit/social service providers and encouraging specific education about racial injustice are goal activities. Social Justice and Racial Equity is recognized as the mission of the network which can identify and change institutional, systemic racism and work toward ensuring a just and equitable opportunity for all citizens in PA.

3.2. Eligible Entity Involvement: Describe the specific steps the state took in developing the CSBG CARES Supplemental State Plan to involve the eligible entities.

The State CSBG Lead Agency (DCED) and State Association (CAAP) work in partnership in identifying and responding to the needs of the local Community Action Agencies (CAA). Together, we touch base with each CAA regularly through correspondence and phone calls. As stated, during the pandemic, we instituted peer calls on a weekly (now bi-weekly) basis to offer support on reacting to changes in agency operations to respond to new or greater community needs, and later the modified reopening of agencies. As the pandemic causes the community needs to shift, the agencies must also shift direction in their operations to address the emerging changes. DCED and CAAP likewise shift the kind and amount of support to meet the network needs. DCED has been reviewing CARES CSBG work plans based on mini-needs assessments conducted by each agency. CAAP is conducting a training and technical assistance needs survey of the local agencies. DCED and the CAAP meet on a regular basis and are working more closely together than ever before. We have no less than one monthly DCED CAAP meeting, and we maintain a constant cycle of communication with emails/phone calls daily. All of these meetings, emails and phone calls have included discussions and resolutions for combating issues related to the pandemic. This collaboration will continue because we effectively work as a team. Together we identify network needs, with CAAP providing training that includes input provided by DCED. CAAP and DCED have a sound working relationship with mutual respect of ideas and thoughts that are thoroughly discussed to ensure the matter is correctly covered and presented to the CSBG network.

The use of the weekly and now bi-weekly calls with the agency network as well as the intensive contacts between DCED and the CAAP has provided the substance of this abbreviated CARES CSBG State Plan. The Goals as stated within this Plan and the CARES Workplans submitted by the agencies are a direct product of the intensive communication demonstrated throughout the last many months of the COVID-19 pandemic. The Plan draft will be discussed during a scheduled bi-weekly call with the network and then once the CARES Plan is posted, the agency network will have the opportunity to comment with questions, ideas or suggestions before the CARES State Plan is officially submitted.

4.1. Public Inspection: Describe how the CSBG CARES Supplemental State Plan has been made available for public inspection within the state to facilitate public review and comment.

Pennsylvania CSBG agencies will receive a draft copy of the state plan document via email at the same time the Plan is posted on DCED’s website for public review and comment. The document will be available on the website for 10 business days. The CSBG agencies will also have 10 business days to review and comment on the plan. During this time there will be a state-wide agency call during which the plan will be discussed and comments will be taken.

15.2. Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645 (a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

(1) By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

(2) The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

(3) For grantees other than individuals, Alternate I applies.

(4) For grantees who are individuals, Alternate II applies.

(5) Workplaces under grants, for grantees other than individuals, need to be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee’s drug-free workplace requirements.

(6) Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

(7) If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

(8) Definitions of terms in the Non-procurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees’ attention is called, in particular, to the following definitions from these rules:

*Controlled substance* means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

*Conviction* means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

*Criminal drug statute* means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

*Employee* means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee’s payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee’s payroll; or employees of subrecipients or subcontractors in covered workplaces).
Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:

(b) Establishing an ongoing drug-free awareness program to inform employees about - - (1) The dangers of drug abuse in the workplace;

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within 10 calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted - - (1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).
