Section I – General

A. Statement of Purpose

Throughout the commonwealth, employers have reported difficulty in finding qualified candidates who meet their specific skill requirement. Registered Apprenticeship is an employer-driven model that enables employers to provide customized training developed according to their particular talent need. Additionally, apprenticeships provide job seekers with a structured career pathway that enables them to concurrently earn money and acquire skills.

The Department of Community and Economic Development (DCED) Pre-Apprentice and Apprenticeship Grant Program (Program) is a statewide program offering assistance to registered Apprenticeship Programs which foster high quality training. The overall Program goal is to increase apprenticeship availability to Pennsylvania employers to assist them with their talent recruitment and development. The program assists with related instruction that complements on the job training to deliver the technical and academic competencies that apply to the job.

Section II – Program Grants

A. Eligible Applicants (Sponsor)

Any sponsor operating an apprenticeship program in the commonwealth, irrespective of whether the sponsor employs the apprentice, is eligible to apply. The apprenticeship program must be registered with the Pennsylvania Department of Labor and Industry’s (L&I) Apprenticeship and Training Office (Training Office) and evidenced by a certificate of registration.

To become a registered apprenticeship program sponsor, please contact the Training Office at RA-LIATO-APPR-TRAIN@pa.gov. The Training Office was established to increase the commonwealth's involvement in the overall growth of Registered Apprenticeship. Its goals are to increase outreach efforts to those who are unaware of the benefits of Registered Apprenticeship, give technical assistance to new and existing programs, expand the registered apprenticeship model to the non-traditional occupations, and to give apprenticeship opportunities to under-represented communities.

Every registered apprenticeship program has a sponsor. The sponsor is responsible for the overall operation of the program. DCED will accept grant proposals from apprenticeship sponsors that demonstrate an employer or employers play an active role in building the program and are involved in every step of designing and implementation of the apprenticeship. Proposals will be accepted from the following:

• Single Employer
• Employer Consortiums
• Workforce Development Boards
• Economic Development Organizations
• Labor Organizations
• Local Career Technical Education Institutions
• Pennsylvania Community Colleges
• Community Organizations or Associations

Partnerships and collaboration among the groups listed above are highly encouraged.
